

Grant Park Neighborhood Watch Program

Along with the assistance of the Atlanta Police Department, the Grant Park Neighborhood Watch Program aims to continue to make Grant Park a great and safe neighborhood to live in. This program will bring neighbors together and strengthen the community as well as provide the Grant Park Neighborhood Association (GPNA) with an efficient way of communicating important information to you (i.e. criminal activity, suspects to be aware of, zoo animal loose, etc.). Please return this page to your Block Captain who will then forward it the Neighborhood Watch Committee chairs to provide to Grant Park's APD Crime Prevention Inspector.

Suggestions:

- Work cooperatively with the Community Services Section of the Atlanta Police Department to reduce crime in our neighborhood.
- Report any suspicious activities, vehicles or persons to 911 immediately.
- Inform a trusted neighbor when we go out of town or expecting visitors for an extended period of time.
- Find a trusted neighbor and exchange business and home phone numbers.
- Call neighbors when their children are not in school during school hours and/or involved in unsafe or rowdy activities.
- Call 911 if a neighbor's windows and/or doors are open while they are not home or if anyone suspicious is hanging around the house.
- Introduce myself to new neighbors.
- Encourage my neighbors to adequately secure their homes, record valuables and practice common sense crime prevention techniques.
- Participate in activities during National Night Out, Crime Prevention Month and scheduled Neighborhood Watch meeting throughout the year if time allows.

We also encourage you to seek professional advice for a thorough home security survey. The survey includes suggestions on the latest in locking devices, hardware, and lighting. If you desire a professional residential survey, please indicate below and someone from the Community Services Section will contact you.

Would you like to have a residential security survey performed by APD? Yes No
